- Collaborated with the team to design and implement a visually appealing landing page, leading to a 40% increase in page views.
- Created a functional calculator application using

HTML,CSS,and JavaScript contributing to improved user interaction and a 25% increase in website traffic.

PROJECTS

e-SCHOOL, 3 Months

e-SCHOOL is an e-governance project which is for the better management of all the govt. schools of Odisha. It is the medium through which the necessities of each school including transfer and funding will be taken into consideration. The need for online management of schools is very important, so as to stop the corruption taking place in the education system and ease the teacher transfer process and that is where this product can come into the picture.

OTHER INTERESTS

Playing cricket,Reading news article,Watching mysterious and scientific content on Youtube etc.
